## Danzig: A Novel of Political Intrigue PDF

Danzig: A Novel of Political Intrigue by by William N. Walker

Danzig debuts to rave reviews:

\* Smartly written, engrossing novel. Unmistakable ring of authenticity. Nazi threat looms over Europe as the characters maneuver for power and political advantage. Great read.

\* "This novel will hold a distinguished place on a shelf with Alan Furst's many war novels, among others. But Walker's story has a greater a ring of authenticity."

\* "Mr. Walker's descriptions made this reader feel as if she were in the middle of the historic drama. The novel builds in intensity until the dramatic ending. It's a terrific read."

\* "Danzig is an amazing book, putting the reader in the middle of pre-WW II in Europe. The time and scene were painted in detail and to perfection. The characters were presented in such a way I felt I knew them and worried for them throughout."

\* "Superb historical fiction: Good story, good atmospherics. Danzig is a sophisticated journey into European power politics during a time of high drama. I think it bears comparison to the best authors in the popular interwar historical fiction genre and I rate it a very successful effort."

\* "Danzig is a must read for any lover of riveting historical fiction dealing with Hitler's rise. Walker makes the saga of the city and the Polish Corridor come alive. The tensions of the time are vividly described in human terms, making for gripping reading."

\* "Channeling the best of Alan Furst, Danzig, is a must read for the any lover of well written historical fiction."

\* "The author does a great job of making the reader feel what it was like to be in the center of pre-WWII Europe, with Germany flouting the Treaty of Versailles, England following an ill-fated policy of appeasement and the League of Nations powerless and ineffective in dealing with Hitler and his aggression. For anyone interested in WWII history, especially the lead-up to the war and the dysfunction among the European Allies, this is a great read!
